WORK EXPERIENCE

Senior Full Stack Developer

Anaxee Digital Runners pvt ltd [🔗](#)

02/2022 - Present

Indore, India

Docker | Azure | Nodejs | Sql

Achievements/Tasks

- As a team lead, I effectively managed a team of 5-6 members, ensuring smooth collaboration and efficient project execution.
- Developed a backend service architecture using Node.js for an application with over 70k downloads, significantly enhancing its performance, scalability, and overall user experience.
- Proficient in Docker for establishing CI/CD pipelines with containerization, adept at creating YAML files for streamlined deployment orchestration.

Full Stack Developer

Anaxee digital Runners pvt ltd

11/2020 - 01/2022

Indore, India

JavaScript | Nodejs | ReactJs | Sql | Redux | Webpack | Jwt

Achievements/Tasks

- Using Firebase and Azure Functions for web-based automation. This reduced the workload for the ops team and improved efficiency.
- Proficiently handled HTTP response codes, ensuring smooth API interactions, maintaining data integrity, and achieving a 100% success rate with diverse authentication methods.
- Developed dynamic web app with React.js, Redux for efficient state management, resulting in 10% performance boost. Leveraged Webpack for 20% faster load times through optimized module bundling.
- Integrated WebSocket for real-time communication and utilized Web Storage for seamless local data storage in the web application.

EDUCATION

Master Of Computer Application

Shri Govindram Seksaria Institute of Technology and Science / Indore [🔗](#)

07/2018 - 08/2021

Bachelor of Computer Application

Jiwaji University/ Gwalior [🔗](#)

06/2014 - 07/2017

SKILLS

JavaScript

Typescript

Azure

GCP

NodeJs

ReactJs

SQL

Docker

Redux

Web3

Mongodb

Solidity

Microservices

Data Structures

Github

Kubernetes

CI/CD

PERSONAL PROJECT

Evergrow Coin (EGC) (07/2021 - 09/2022) [🔗](#)

- EverGrow Coin, I gained valuable knowledge and hands-on experience in **WEB3** and **blockchain** technologies.
- Acquired beginner-level proficiency in **Solidity** for smart contract development, including ERC20 and ERC721 contracts.
- Demonstrated knowledge of **smart contract** ABI, wallet integration, and calling contract functions using Web3 libraries.
- Self-learned and gained practical experience in implementing blockchain technologies.

ACHIEVEMENTS

Promoted to team lead within 1 year for exceptional performance and responsible task handling.
(02/2022 - Present)

Launched an application with over 70k+ downloads, effectively addressing user concerns.
