WORK EXPERIENCE

Full Stack Developer/ Senior
Anaxee Digital Runners pvt ltd

02/2022 - Present   *Indore, India*
Achievements/Tasks

- As a team lead, I effectively managed a team of 5-6 members, ensuring smooth collaboration and efficient project execution.
- Proficient in DevOps practices and hands-on experience in implementing them.
- Developed a backend service architecture using Node.js for an application with over 70k downloads, significantly enhancing its performance, scalability, and overall user experience.
- Proficient in Docker for establishing CI/CD pipelines with containerization, adept at creating YAML files for streamlined deployment orchestration.

Full Stack Developer/ Junior
Anaxee digital Runners pvt ltd

11/2020 - 01/2022   *Indore, India*
Achievements/Tasks

- Efficiently implemented web-based automation data flow from CRM to Airtable, leveraging Firebase and Azure Functions, enhancing processes and efficiency.
- Proficiently handled HTTP response codes, ensuring smooth API interactions, maintaining data integrity, and achieving a 100% success rate with diverse authentication methods.
- Developed dynamic web app with React.js, Redux for efficient state management, resulting in 10% performance boost. Leveraged Webpack for 20% faster load times through optimized module bundling.
- Integrated WebSocket for real-time communication and utilized Web Storage for seamless local data storage in the web application.

EDUCATION

Master Of Computer Application
Sgsits / Indore

07/2018 - 08/2021

Bachelor of Computer Application
Jiwaji University/ Gwalior

06/2014 - 07/2017

SKILLS

JavaScript | Azure | GCP | NodeJs
ReactJs | SQL | Docker | Redux | Web3
Mongodb | Solidity | Microservices
Data Structures | Github | Kubernetes

ACHIEVEMENTS

Promoted to team lead within one year for exceptional performance and responsible task handling. (02/2022 - Present)

Launched app with 70k downloads, solved user problems. Mostly specialized in backend work.

PERSONAL PROJECTS

Evergrow Coin (EGC) (07/2012 - 09/2022)
- EverGrow Coin, I gained valuable knowledge and hands-on experience in WEB3 and blockchain technologies.
- Acquired beginner-level proficiency in Solidity for smart contract development, including ERC20 and ERC721 contracts.
- Demonstrated knowledge of smart contract ABI, wallet integration, and calling contract functions using Web3 libraries.
- Self-learned and gained practical experience in implementing blockchain technologies.

CERTIFICATES

Introduction to algorithms and analysis from Nptel (09/2020 - 12/2020)

LANGUAGES

English
Full Professional Proficiency
